UT BUILDING MANAGERS

OVERVIEW

Building Managers are crucial on-campus leaders that perform a wide variety of essential functions in their buildings. From ensuring that physical spaces such as a labs and classrooms are operating appropriately to coordinating inspections and trainings, these individuals ensure that the UT Austin campus is **safe**, **secure**, and **functional**.

LONGHORN ALERT

Longhorn Alert is the University of Texas at Austin's communication system, used to notify students, faculty, staff, guests, and visitors before and during emergencies.

The Longhorn Alert Member Portal can be used to update building notification preferences.

Visit our website for more information:
https://emergencymanagement.utexas.edu/longhorn-alert

ROLES & RESPONSIBILITIES

Buildings Managers serve as administrators for their designated buildings. Given their familiarity with their buildings and the leadership role they hold, there are 3 key responsibilities for building managers that interface with the Office of Security and Emergency Management (SEM):

1 Annual Update of Building Emergency Plans

2 Appointment and Training of the Building Emergency Management Team

3 Scheduling of General Safety Trainings

CAMPUS SAFETY SERVICES:

EMERGENCY: 9-1-1

UTPD NON-EMERGENCY: (512) 471-4441 (OPTION 9)

BEHAVIOR CONCERNS ADVICE LINE (BCAL): (512) 232-5050
